

DAVID PALOMERO MÉNDEZ

ABOUT ME

I am a Computer Science Engineer with little time in the labor market. During this period, I have learned and acquired the knowledge to perform different roles. These roles have been Database Administrator and Python/R Data Analyst.

I would define myself as a hardworking, responsible and emphatic person who likes to work in a team. I am also a quick and active learner who likes to challenge himself.

I am looking for a role where I can learn, be challenged, develop myself as a professional and make a professional career within Cloud, Data and AI.

LANGUAGES

Spanish: Native

English: C1 - Advanced Level

EXPERIENCE

SYSTEM DATABASE ADMINISTRATOR, IBM - KYNDRYL

Mar. 2021 – Now

I have learned and developed the main functions within the Database Administrator role. This role was performed first at IBM and, then, at IBM spin-off company, Kyndryl. The principal tasks I performed as a DBA are:

- Manage databases and database parameters
- Software installation and configuration
- Manage users
- Monitor logs
- Manage backups
- Scripts execution

The databases that I have used the most are Oracle, DB2 and PostgreSQL. In addition to these, I have also worked with MySQL and SQL Server.

TECHNICAL SPECIALIST, MASMOVIL

Nov. 2019 – Jul. 2020

Made an internship in MasMovil to complete my B.S. thesis project. This included:

- Investigate different solutions to the attribution problem.
- Processing and analysis of data from Digital Marketing with Python and R.
- Develop an app with RShiny in order to apply the chosen attribution model and visualize the results.

EDUCATION

DUAL BACHELOR IN COMPUTER SCIENCE AND ENGINEERING AND BUSINESS ADMINISTRATION

Sep. 2014 – Jul. 2020

Carlos III University of Madrid

Grade: 7.4/10

MICROSOFT CERTIFIED: AZURE ADMINISTRATOR ASSOCIATE

Issued: Jan. 2022

AWS CERTIFIED CLOUD PRACTITIONER

Issued: Oct. 2021
